The municipality plead inability to pay more than 200Rs a year & the Chief Engineer pleads inability to take anything less than 15000Rs a year &- it is not clear what should be done in the circumstances unless Govt are prepared to meet the difference from State funds, which would not be a desirable precedent. A pure water supply should be one of the primary duties of local bodies & expenditure for this purpose should have the first claim on the municipal revenues.

Mysore Municipalities Act

The Bangalore City municipality does not pay the full cost of the staff maintained for the Hessaraghatta water supply, the greater part of the cost being borne by Govt revenues. Similarly perhaps the State may & must bear portion of the cost of the Mysore water supply.

B A N G A L O R E

Sir,

With reference to Government Proceedings No 9152-4 Gnl 152-07-3 dated the 13th instant, stating that, as the Mysore City Municipal Council plead their inability to contribute more than Rs. 12,000/- per annum towards the maintenance cost of the Vani Vilas Water Works, it is undesirable to call upon them for more contributions for the present, and returning for revision, the maintenance estimate for the ~~year~~ 1907-08, I have the honor to inform you that I am unable to reduce the estimate in the slightest degree as it was prepared by the Executive Engineer after very careful scrutiny In fact, I am doubtful if the cost can be kept down to within the estimate which is herewith resubmitted ~~though~~ though endeavours will be made to do so I request you to obtain the early orders of Government on the estimate

I have the honor to be,
Sir,
Your most obedient servant,

to take early orders
on the estimate in question

Order thereon. No 11612-5 dated 15-07 Dt 11-5-08

The estimate received with the above is sanctioned for Rs 15,000/ the charge being debited to the funds of the Mysore City Municipality

? ~~It is observed that~~ As the budget of the Mysore City Municipality contains a provision of Rs 12,000/ for this charge, the Engr is requested to report how he proposes to meet the excess of Rs 3000 can be met

It is observed that the averages per head of taxation in Mysore is lower than in Bangalore & the Municipality should be moved to improve its revenue
